

# NRA Annual Meeting Showcases Manufacturers of Mass Shooters' Weapons of Choice

The gun industry's trade show of new firearms is the centerpiece of the National Rifle Association's annual meeting—this year in Indianapolis from April 26<sup>th</sup> through 28<sup>th</sup>—and will include manufacturers of weapons (primarily assault rifles and high-capacity semiautomatic pistols) used in many of our nation's most lethal mass shootings. Visitors can follow this blood-soaked path through "15 acres of guns and gear" to see firsthand how firepower and capacity define today's gun industry.
