# Bond Arms Roughneck Marking Compliance Recall

A batch of **Roughneck 357/38 barrels** made it into the consumer's hands without the barrel's full ID markings. To make sure Bond Arms is in full compliance with the production process Bond Arms needs all Roughneck 357/38 owners to do us a favor and take a look at their Roughneck barrels. If the barrel matches the sample highlighted below, please call Bond Arms directly at [817-573-4445](tel:817-573-4445) or email us at [customerservice@bondarms.com](mailto:customerservice@bondarms.com) to arrange for the return and upgrade of the barrel. Our office hours are Monday-Friday from 8:30 am to 4:00 pm CST. **There are no marking issues on the Roughneck 45 ACP or 9mm barrels.**

As a "thank you" for helping Bond Arms with production process compliance, Bond Arms will ship the consumer a wrench for removing the barrel, cover all postage costs, add a special **laser-etched Bond Arms logo** to the barrel (shown below) and give it a light touch-up before sending it back to the consumer.

## CUSTOMER COMMENTS

### Happily Tried New Barrels

*i recently added 3.5" 45lc/410, 3" 9mm and 2.5" 45lc barrels to my collection, along with a short wood-gripped frame. i also have a 3" 357/38 and a 3" 22lr barrel. 9mm, like 38, is a piece of cake, i didnt feel a thing after shooting up a box of 9mm range ammo. at 15' i was hitting center mass with a 2-38Prime...*

## TOP 5 SAFETY RULES:

1. Always keep the safety on until ready to fire.
2. Treat all guns as always loaded.
3. Never let the muzzle cover anything which you are not willing to destroy.
4. Keep your finger OFF the trigger until your sights are on the target.
5. Always be sure of your target.
